Introduction

The American School is a private, non-denominational, non-profit, experimental-type college-preparatory school sponsored by The Interamerican Educational Society of Tegucigalpa (S.E.I.T.). The School is fully accredited by the Honduran Ministry of Education, AdvancEd and the International Baccalaureate Organization (I.B.O.). The School is a member of the College Board, the Association of American Schools in Central America (A.A.S.C.A.), the Association of American Schools of South America (A.A.S.S.A) and the Association of Bilingual Schools of Honduras (A.B.S.H.). Instruction is primarily in English, except in such courses as Spanish language and Honduran social studies.

S.E.I.T. is an organization formed by parents who have children at the American School. The governing body is the Parents' General Assembly, which elects a Board of Directors from the parents. The Board of Directors sets policies and the philosophical framework within which the school operates. Each member is elected for two years in his/her position. The Board of Directors names a superintendent to serve as head of school.

Notice

Middle School Program of Study

The Middle School course offerings follow the middle-school model, including a character education program, age-appropriate methodology, and schedules, faculty, and facilities exclusively designated for the Middle School. Sixth grade is traditionally considered the culminating year of primary school in Honduras and, therefore, concludes with a sixth-grade graduation ceremony. The seventh- and eighth-grade school years fulfill requirements established by the Honduran Ministry of Education “Ciclo Común” Curriculum. Additionally, the school-wide (N-12) curriculum of the American School is aligned with and fulfills U.S. national standards in all academic areas.

High School Math Options

AST offers two IB Math options: IB Math Studies SL and IB Math SL.. For those students not taking IB level math courses, they will take the standard 11th and 12th grade Math which is a Trigonometry/Pre-Calculus course. For certain cases, Business Math or Algebra III may be offered.

The American School

International Baccalaureate (I.B.) Program

The International Baccalaureate (I.B.) program is a challenging pre-university course of studies that meets the needs of motivated high-school students. Founded in 1963 to offer students the opportunity to earn an internationally recognized and respected college-preparatory degree, the International Baccalaureate program and its prestigious diploma are now seen worldwide as one of the highest indicators of preparation for success in university. Only schools officially authorized by the International Baccalaureate Organization (I.B.O.) headquartered in Geneva, Switzerland, may offer the I.B. Diploma Program and present candidates for examination. Of the over 1100 participating schools in more than 100 countries, about one-third are located in the United States, Canada or the Caribbean, and one-third in the Africa/Europe/Middle East region.

With its reputation for rigorous assessment and thorough intercultural curriculum, students who have studied in I.B. programs have significantly increased opportunities for admission and success in the most competitive and demanding universities around the world.

The I.B. Program in the A.S.T. High School is a well-established and very successful one. In recent years, some two-thirds of graduating seniors have participated in the program, and 75% to 80% of the I.B. diploma candidates have earned the esteemed diploma.

Requirements for acceptance into IB courses are aligned to the skills necessary to succeed in each course.

In order to maintain IB status, students are expected to earn an 83% minimum average in any IB class for the entire 11th grade year. Failure to earn an 83% or above will result in the loss of IB status in that class for both 11th and 12th grades (except in the case of Biology and Psychology which end in 11th). In 12th grade students will be expected to maintain an 83% average as well but your compliance will be reviewed on a quarterly basis. Failure to maintain this average for two quarters in a row will result in the loss of IB status in that course and, depending on the time of year, may mean the reimbursement of IB fees to the school.

Students who commit intentional or unintentional acts of academic dishonesty may lose IB status in a course. All students are required to sign declarations of originality for assignments submitted for IB assessment. Failure to sign a declaration will result in forfeiture of IB status in that class. On the other hand, a student who signs that their work is original when it is not, faces the prospect of a malpractice investigation conducted by the International Baccalaureate Organization. Every IB class has certain required internal and/or external assessments and examinations that students must successfully complete and submit on-time. **Failure to submit an assessment or attend an examination** results in a loss of IB status in that class.

I.B. course registration fees are paid on student's behalf. Once the IBO deadline for withdrawing or changing your status in the program (November 15th) has passed, if you will be required to reimburse any fees paid to IBO by the school.

Detailed requirements can be found in the I.B. program google site <https://sites.google.com/amschool.org/ib-program-at-ast/>

Requirements to maintain your IB Candidate Status

In order to maintain IB status, students will be expected to earn an 83% minimum average in any IB class for the entire 11th grade year. Failure to earn an 83% or above will result in losing IB status in that class for both 11th and 12th grades (except in the case of Biology and Psychology which end in 11th). In 12th grade students will be expected to maintain an 83% average as well but compliance will be reviewed on a quarterly basis. Failure to maintain this average for two quarters in a row will result in losing IB status in that course and, depending on the time of year, may mean that students will need to reimburse IB fees to the school.

Students need to adhere to the AST attendance policy. For maintaining IB status, students are required to not exceed ten (10) absences in any IB course per semester. Failure to do so may result in being removed from the IB class(es) in which the breach has occurred.

Academic integrity is another important requirement for IB eligibility. Students who commit intentional or unintentional acts of plagiarism or cheating may lose IB status in a course. All students are required to sign declarations of originality for assignments submitted for IB assessment. Failure to sign a declaration will result in forfeiture of IB status in that class. On the other hand, a student who signs that their work is original when it is not, faces the prospect of a malpractice investigation conducted by the International Baccalaureate Organization.

Every IB class has certain required internal and/or external assessments and examinations that you must successfully complete and submit on-time. Be careful to keep track of the requirements and guidelines regarding these assessments. Failure to submit an assessment or attend an examination results in a loss of IB status in that class.

In order for you to be an IB certificate candidate, registration fees are paid on your behalf, one for your general candidacy, and another for each IB class you enroll in. Once the IBO deadline for withdrawing or changing your status in the program (November 15th) has passed, if you lose IB status in a class for any reason, you will be required to reimburse any fees paid to IBO by the school on your behalf.

Senior Internship Program

General Information

The Senior Internship Program is an opportunity for seniors to participate in various types of work and service projects in the local area, during the final three weeks of their senior year. To participate is considered a privilege; it is not a right. Students must qualify for participation based on eligibility criteria stipulated below. For participating students, classes end three weeks prior to the week that would normally be scheduled for twelfth-grade second semester final exams. This normally will correspond to the scheduled time of I.B. exams, annually being approximately the month of May. Each participating student spends these remaining three weeks of school as an intern in an organization that works in the field that student anticipates studying in university.

The internship period usually takes place the last three weeks of school.

Eligibility:

All Non-IB Diploma seniors in good academic, attendance, punctuality, and disciplinary standing, qualify to participate in the internship program.

Good academic standing is defined as having passing averages in **all courses** for the year by the end of the Third Quarter and holding a minimum grade point average for twelfth grade of 80% by the time of the end of the Third Quarter. This average will be determined by adding the average of the first three quarters. Students that meet this expectation, but are not passing all their classes for the semester by the time of the internship will lose this privilege. Twelfth-grade students who are academically deficient in one or more courses or who have grade point averages for the twelfth grade below this minimum average will be denied participation in the Senior Internship Program.

Good disciplinary standing is determined by the administration. However, a student who has what is deemed to be a significant disciplinary record, which would normally include any suspension, and /or detention (for serious or very serious offenses) will be denied participation in the Senior Internship Program.

Punctuality and attendance is an important criteria for participation. If a student has missed a considerable number of school days, or is chronically tardy he/she will be denied participation.

Requirements of Participation

- The internship must be in an area of interest to the senior, an area that he or she anticipates studying in university. It cannot be simply a job. Payment, salary, or any form of compensation is strictly prohibited.
- During their internship, students are expected to be engaged in activities that will be better educate them about their potential fields of university study and the career they will potentially pursue. They should not be engaged in tasks that are not conducive to this end nor should they spend their internships in fields that do not require university-level study. Operating a cash register, for example, would neither qualify as an internship assignment nor as a temporary internship activity.

Senior Internship Program (continued)

- Serving in an internship with a business or operation of any type that is owned or operated by one's own immediate or extended family is strictly prohibited. For example, it would not be permitted for a senior wishing to study business in university to serve an internship in his or her family's local business. A senior wishing to study medicine would not be permitted to serve an internship in his or her parent's medical office.
- Interns are required to be present at their internship sites and in the vicinity of their internship supervisors for a minimum of at least seven hours per day.
- Interns may only be absent from their internships in order to take I.B. exams. All other absences for any reason, to include illness, must be made up. If an intern fails to report an absence to his/her on-site supervisor and faculty adviser before the work day has begun, this privilege will be revoked and he/she will return to class and finish the school year.
- Interns must sign an attendance sheet held by their internship supervisor upon arrival and just prior to leaving each day.
- Each intern will have a faculty member assigned as his or her internship faculty adviser, who will guide the student and receive his or her written log and concluding paper. The faculty adviser will also verify one's participation through frequent communication with one's onsite internship supervisor and periodic onsite visits.
- Interns are required to read a pre-approved book of significance regarding their chosen field of internship. The contents and conclusions of this book will be addressed in the final internship paper.

Interns are required to maintain an extensive log of their daily activities, which will become the basis of a final paper that will be presented to internship faculty adviser at the conclusion of the program. The specific requirements of this paper will be disseminated in pre-internship orientation sessions. Nevertheless, the basic content of this paper will explain the student's original university and career goals, describe the internship experience, provide a summary of the content and his or her reactions to the book or books read, and conclude with how the internship experience has affected his or her university and career goals

Nonparticipation

- Twelfth-grade students who are full I.B. Diploma candidates or are taking four or more exams during their senior year cannot participate in the Senior Internship Program, attend classes after the last Friday of April, nor take any Second Semester final exams. Because of their commitment to take and attend review sessions prior to at least four two-day I.B. external assessments, participation in the Senior Internship Program on the part of these candidates is not feasible.
- Twelfth-grade students who are not full I.B. Diploma candidates may elect not to participate in the Senior Internship Program. However, such students will be required to report to school daily throughout the period of the internship, throughout normal school hours and take Second Semester final exams in all courses .
- Interns who for any reason are determined to have to be removed by the school administration from the Senior Internship Program will be required to report to school daily throughout the period of the internship, throughout normal school hours and take Second Semester final exams in all courses.

High School Semester Exams

In the High School, comprehensive final exams are required in all subjects at the end of each semester. For **ninth grade only** final grades in year-long courses are determined by averaging the four final quarter grades, each counting 25% of the final grade for the year. For **tenth to twelfth grades**, all courses are taken as semester-long courses and so averaged. The first semester final exam in each subject will count 20% of the second quarter final grade, and the second semester final exam will count 20% of the fourth quarter final grade in each subject. In rare cases, an alternative form of assessment may be used in place of a semester final. An example of this would be a project submitted in art in lieu of the final exam. This alternative form of assessment would nevertheless count 20% of the final grade for its respective quarter. As semester exams are comprehensive, **it is required that they cover the entire semester curriculum in each course.**

Semester exams are scheduled to last 90 minutes each, with students taking no more than two per day. On the days of final exams, students are only required to be at school during their exams. Students are required to remain in the classroom where each exam takes place throughout the ninety-minute period, even if they finish early. Therefore, students should arrive at each final exam prepared to read or study if they finish early.

PLEASE NOTE: As the semester exams weeks are scheduled for the last week of each semester, parents and students are expected to plan any trips after the last day of school of each semester. No semester exam can be taken in advance due to travel of any sort. As of August 2013, only OFFICIAL MEDICAL CERTIFICATES will be admitted as excused to re-schedule any semester exam. Hence, any non-medical absence during semester exams week will result in the forfeit of the exam(s).

Academic Distinctions and Awards

Honor Roll and High Honor Roll

High Honor Roll and Honor Roll are posted at the end of each academic quarter. Awards ceremonies take place at the end of the first, second, and third quarters, primarily to recognize those students who have earned these two academic distinctions. Students qualify for these two honor rolls by earning the following quarterly averages and by exhibiting character and behavior in keeping with the standards of the American School:

High Honor Roll: quarterly average of at least **96.5%**

Honor Roll: quarterly average of between **92.5% - 96.4%**

Valedictorian and Salutatorian (Board Policy 7.61)

Valedictorian

The Valedictorian is the senior with the highest academic average during grades 9-12. At least three of these years must have been completed at the American School. To calculate the academic average, the final numerical grade in each course must be multiplied by the number of credit each course is worth. The results is to be called academic points. The sum of all the academic points must then be divided by the total number of credits. This will produce the academic average. These calculations are done automatically by the PowerSchool and verified by the Registrar.

Salutatorian

The salutatorian is the senior with the second highest academic average during grades 9-12. At least three of these years must have been completed at the American School. The academic average will be derived using the formula described above.

Field Trips

Fieldtrips serve to support the written curriculum and the mission of the school. While it is hoped that the students find them a fun alternative to the classroom, their principal purpose is never simply to entertain. Field trips are planned by teachers as an extension of the classroom experience. When attending field trips, students are provided with a variety of instructional activities and participate in evaluation and review after the trip.

Students are required to attend field trips; they are not optional. Missing a field trip without an accepted excuse will be considered an unexcused absence, and, therefore, work missed during the field trip can not be made up. Examples of the few circumstances that might result in a student being excused from a field trip include illness or serious security risks.

Students who fail to turn in their signed permission forms on time will not be allowed to attend and will receive an unexcused absence. Aside from the duty of the school to teach students responsibility, another reason for this practice is that the activities coordinator must have time to conclude all logistical arrangements. All permission slips should be returned no later than the stipulated deadline.

Normally, at least one chaperone per ten students will be assigned in any school-sponsored trip off campus. While in assigned locations, such as the hotel, the mall, another school, chaperones may allow students to leave their direct eye-sight supervision as long as they are assigned in pairs. Any discipline issue during a field-trip will be handled according to the discipline code.

Mid-Quarter Grades & Report Cards

The school year is divided into four grading periods or quarters. Mid-Quarter grades will be posted on Power School four times per year at the mid-point of each quarter and whenever the teacher feels it necessary to inform the student of academic deficiencies or improvements. Students WILL not be issued these reports directly, they should be checking their grades periodically especially on the dates of the chart below. Report cards will be issued as hard copies. Students with outstanding debts, overdue library books or other incomplete or unfinished school matters will not receive their report cards or take final exams until they secure clearance.

As of August 2013, and following the Ministry of Education policy #0700-SE-2013 of May 17 of 2013, the passing grade for any subject is a 70%. Any student unable to achieve such a grade will be considered as failing the course.

Progress Reports and Report Cards dates can be found in the school calendar.

Grade	Percent
A	93-100
B	92-85
C	84-78
D	77-70
F	0-69

Citizenship Description

The following description pertains to the criteria used to assess citizenship and behavior in the Middle School and High School report cards:

Unsatisfactory (U)	Satisfactory (S)	Excellent (E)
<p>Repeated incidence of any of the following behaviors:</p> <ul style="list-style-type: none"> • Disruptive in class. • Failure to come prepared for class (includes materials and homework). • Failure to follow class and school rules. • Impolite to teachers and/or peers. • Failure to take responsibility for own actions. • Side conversations. • Asking questions unrelated to class material. • Offering excessive excuses for inappropriate behavior. • Inappropriate use of second language (English or Spanish). • Cheating or copying on tests and homework. • Tardiness and/or absenteeism. • Inattentive or self-absorbed behavior. 	<p>Occasional incidence of unsatisfactory behaviors and consistent display of ALL the following behaviors:</p> <ul style="list-style-type: none"> • Politeness to other students and teachers. • Punctuality • Prepared for class • Seeks out and does make-up work. 	<p>Consistent display of the following behavior:</p> <ul style="list-style-type: none"> • Active and positive contribution to class activities. • Encourages peers to their best performance and behavior. • Shows extra effort in class work. • Displays self-discipline in academic and personal responsibilities.

Leveling Assessments

As required by Honduran law, a student who fails a subject necessary for obtaining the Honduran Baccalaureate for the I Quarter, II Quarter and /or III Quarter for ninth grade year-long courses; or I Quarter and /or III Quarter for semester-long courses will be given feedback and a chance to make up some points to achieve a passing grade of 70%. The maximum point that a student can earn to achieve that 70% are 20. Each course may have a different way of assessing the missing information, hence leveling assessments vary across the curriculum. Leveling assessments will take place during the first three weeks after report cards have been distributed.

Recuperation Exams

As required by Honduran law, a student who fails a subject necessary for obtaining the Honduran Baccalaureate for the semester or the year, has the right to take a recuperation exam to demonstrate a minimum degree of mastery of the objectives of the entire course, even though the student may have passed certain quarters. Recuperation exams are normally administered in late January (for First Semester course) or early June (for Second Semester courses and yearly courses). **As of August 2013, and following the Ministry of Education policy #0700-SE-2013 of May 17 of 2013, the passing grade for any subject is a 70%. Any student unable to achieve such a grade will be considered as failing the course.** Hence, seventy percent (70%) is considered a passing grade on recuperation exams as well. For all recuperation exams, a recuperation study guide will be provided, indicating all areas to be covered on the exam.

Students taking recuperation exams will not be informed of their results on these exams until all scheduled recuperation exams in all subjects have been completed and the results have been re-

Academic Probation Policy

8.504 Academic Probation

The American School Board of Directors, school administration, and faculty are very concerned about maintaining high academic standards. Measures need be taken to improve the academic performance and achievement of our students. Research and experience have demonstrated that a well-conceived and administered policy on academic probation stimulates the students to improve their learning skills, therefore maintaining high levels of academic achievement. To this end, the present policy is established:

1. Any student who fails a subject at the end of the course, at the end of the semester for semester-long courses or at the end of the year for year-long courses, will be placed on academic probation.

2. A student on academic probation has to show academic improvement and pass (70% or above) all the courses the following term to be removed from probation. A term will be understood as a semester for a failure in a semester-long course and a year for a failure in a year-long course. Any student on academic probation is subject to being denied re-enrollment to the school for the following school year regardless of the results of the recuperation tests which the student may be entitled to take.

3. A student on academic probation who is entitled to accommodations in accordance to the established school policy, will have priority admittance in the school's Special Services program as this paid service will provide the student with close monitoring and guidance during the academic probation term. The student is also subject to being denied re-enrollment for lack of compliance.

4. Decisions concerning the denial of re-enrollment of a student are made in the best interest of the student and the school by the administrative team (Superintendent, Division Principals, Assistant Principals, and Student Services Directors)

5. This policy applies to grades 3-12

High School Alternate Academic Program

An important academic component for select students is the annual A.S.T. Alternate Academic Program. Although courses may vary annually, the four courses below are generally offered each year. Students who qualify for these courses should make their plans for June and July accordingly.

Students who chose this coursework will be assigned a library block or a Special Service block (if they qualify) in their schedule which they must attend during the regular school year.

As alternate school courses are very intensive, attendance at every class period is extremely important. Spending just six weeks in a what is normally a year-long course, each class period equals what would normally be taught in a week during the regular school year. Understanding this and in accordance with the requirements for attendance, students may not be absent from a summer school course **more than two days in the case of a year-long course and more than one day in the case of a semester-long course**. This policy is indifferent to whether the student's absence(s) is excused or unexcused. Therefore, even for medical reasons, family emergencies, or any other reason that would normally excuse an absence, a student who exceeds the allowed number of absences is subject to being dis-enrolled from the course without financial reimbursement and not receive credit.

Likewise due to the intensive nature of alternate courses, it is vitally important that students arrive to class on time. Five arrivals late to class are considered to be equivalent to missing one day of class and may result in a student's dis-enrollment from the course.

Conceptual Physics & Conceptual Chemistry

Conceptual Chemistry is designed for students entering eleventh grade, and Conceptual Physics is for students entering twelfth grade. They both are designed for and limited to students who have long records of pronounced difficulty in math and/or science. By taking these courses during the summer school program, these students are able to study these challenging and required courses in small group settings and with a curricula that include a greater emphasis on theory and less on math. Students who successfully complete these courses then carry one less class than their other classmates during the following school years, which makes eleventh and/or twelfth grades more academically manageable.

Statistics

This course is designed for students entering tenth grade next school year and who have long records of pronounced difficulty in math. By taking Statistics during the summer school program, these students are able to study this challenging and required course in a small group setting with more personalized attention. Students who successfully complete the course then carry one less class than their other classmates during one semester of tenth grade, which makes their sophomore much more academically manageable.

II ACTIVITIES

The American School offers a wide variety of co- and extra-curricular activities, as well as a strong and varied athletic program. These various activities offer students venues for meeting friends, involving themselves more in the life of the school and its community, and in general enriching their school experience.

Although students are encouraged to take advantage of these various opportunities, they are also urged to make careful choices and serious commitments regarding activities and athletics. Many require time commitments, and some at times may even require students to miss class to attend special events. Careful consideration should be made as to what effects this will have on one's overall attendance and academic performance, as participation does not excuse students from fulfilling their academic obligations. Additionally, once having joined an activity, students are expected to honor their commitment to the organization and its members and regularly attend and contribute to meetings, practices, events, etc.

The following are descriptions of most of the various co- and extracurricular activities offered in the Middle School and/or the High School

BENCALETH

BENCALETH is a social service club composed of students in grades 10-12 who join in solidarity with the boys and girls of the BENCALETH children's home. The young residents of this home suffer from muscular dystrophy, cerebral palsy, or mental retardation. The member of the BENCALETH Club provide basic supplies of food, medicine, cleaning materials, personal hygiene items, etc. Members strive to live up to their club's motto, "It matters not how long one's life lasts rather the manner in which one lives it."

The Bible Study Club

The purpose of this interdenominational Christian club is to study the word of God and worship Him in fellowship with other students. They also pray for one another. The club is also involved in community activities, such as visiting sick children at the Hospital Escuela. Four visits are made during the school year, during which the club members donate food, refreshments, and toys. Most importantly, though, members of the Bible Study Club pray together for their health and lives.

Athletic Eligibility

Athletic eligibility is determined by specific required minimum grades in all courses and by a minimum required grade point average. Any student who has a grade point average lower than a 75% or any failing grade will not be eligible to participate in tournaments. In general, students with any number of grades below 75% are subject to being denied eligibility until they show sufficient improvement in their grades in a marking period.

At the beginning of each athletic season, the latest official mid-quarter or report card grades, whichever are more recent, are reviewed to determine the athletic eligibility of the students registered to play. Once initial athletic eligibility has been established, it is reconfirmed throughout each season every time progress reports or report cards are issued. Therefore, a student who is initially ineligible to participate because of academic deficiency may later sufficiently raise his/her grades in order to join the team later in the season. Likewise, a student who is initially eligible to play may later be denied eligibility if his/her grades are determined to be insufficient in a later marking period. The Athletic committee will make decisions regarding eligibility in the best interest of the student. This committee is composed of the Athletic Director, the High School Principal, the Middle School Principal, in consultation with the teachers and counselors.

Obligations of all athletes: *Taken from the Athletic Handbook*

- Attend punctually at scheduled practices and games.
- Comply strictly with the curfew set when participating in events outside of school and hotels.
- Take proper care of the facilities, equipment and property of the school, including uniforms, that are beneficial for all.
- They must attend their practices with proper attire. Athletes who know in advance they will be absent from practices should notify their coach.
- All sports uniform to be used in official competitions, must be duly approved by the Athletic Director. The sports uniforms will be provided by the school or sponsored by companies duly approved by the school administration and Athletic Management. If an athlete leaves the team before the end of the season, he/she has the obligation to deliver the uniform in good condition, otherwise, he/she must cancel it in its entirety. Champions are allowed to keep their AASCA game uniform.

Sports Awards

At the end of each season, the AASCA varsity coaches meet as a committee to evaluate player performance based on practice attendance, leadership qualities, teamwork, individual game statistics, and cooperative attitude of sportsmanship. Those deemed the top five players from each sport will be ranked in order and receive in order a corresponding numerical grade. The highest ranked athlete for each team receives five points, and the fifth receives one point. At the end of the school year, both the male and female student receiving the highest overall number of combined points, after tallying the results from the three major sports, will be named Athlete of the Year. Senior student athletes selected in the top five of their sport will receive Hall of Fame recognition.

Fund-Raising and School Representation

All activities involving fundraising by student groups must be authorized by the school administration. All monies collected from any activity or by any student organization must be deposited in accounts managed by the School's activities coordinator.

III. STUDENT BEHAVIOR

Attendance

Students are encouraged to be punctual and attend every school day of the year. Attendance will be recorded in PowerSchool and it is the duty of the parent and student to keep track of this report. A student may lose credit or the right to examinations if the absences, excused or unexcused, are excessive. Determination of this will be done according to the school's accreditation agencies policies and practices. AS OF AUGUST 2013, ALL HIGH SCHOOL STUDENTS WILL BE SUBJECT TO THE ATTENDANCE POLICY EXPLAINED ON THE FOLLOWING PAGE (P.32). **PLEASE TAKE THE FOLLOWING POINTS INTO CONSIDERATION IF ANY ACADEMIC TIME IS TO BE MISSED:**

1. Because classroom attendance is of utmost importance, it is assumed that unless absolutely necessary medical appointments will not be scheduled during school hours. Students may be permitted to leave the school grounds during the school day only with prior permission in writing from parents and the approval of the Principal. Students are expected to check out with the Middle School or High School secretary before departing. **Following an absence from school, it is the responsibility of students to get the material missed from the teacher and/or Schoology.**
2. Students returning after an absence **MUST bring a written excused** during the first two days after the absence. For absences extending over four days, the excuse must be accompanied by an official document such as a medical excuse. Failure to bring a written excuse during the established time will result in an unexcused absence. Work may be made up only in the case of excused absences. Students receive zeros for work missed due to unexcused absences. This policy is not subject to teachers' discretion and is absolutely required in all cases of suspension and unexcused absence.
3. **Students and parents must notify the appropriate school office if an extended absence** from school is anticipated. Each case will be properly reviewed before any excuse can be given. In the case of any excused absences, whether anticipated or not, it is the responsibility of students to seek out their teachers to arrange to make up missed work. Parents/students must check PowerSchool to confirm status of excuse.
4. Students returning after absences will be given sufficient time to complete missed assignments and tests. Make-up time is usually equivalent to the number of days absent, however schedule assessments and assignments may not follow this make-up time period. Outside-of-School Extra-Curricular Activities (Tennis, Swimming, Equestrian, etc.) will all be excused only if an official document is presented from a specific organization. **Student will not get credit if he/she misses any make-up assessment without previously seeking teacher approval to change the time-frame of the make-up work.**
5. **Excessive tardiness to school and to class is not permitted.** Since unexcused tardiness is considered an unexcused absence, work missed in class due to unexcused tardiness cannot be made up. As the school follows a Closed-Campus policy any students arriving after 7:45 a.m. will NOT BE ADMITTED unless he/she brings an official excuse, (i.e. doctor's note, medical laboratory notes, official Immigration office document, etc.).
6. Students arriving late to school **must contact** those teachers whose classes the student missed to receive assignments. Such students will **normally be required to take that same day any tests or quizzes given earlier on the same day and turn in any significant assignments due that day.** Likewise, students who anticipate leaving school early are required to notify those teachers whose classes the student will miss. Such students will **normally be required that same day to turn in any significant assignments due that day and take any tests or quizzes given that same day in classes that they will miss.** Students present in class when an assignment, quiz or test is announced but absent on the day that the assignment is due or test/quiz given must turn in the assignment or take the test/quiz on the day of their return to school. **Failure to do this will result in loss of credit.**

7. Should a student need to leave the school grounds for emergency reasons, parents will be contacted prior to the student's departure from school. Students will not be allowed to make up any missed work because they have left school early to watch soccer games, fashion shows and other entertainment venues. Parents will need to present official documents such as doctor's notes, etc. in order for work to be made up if there is reason to believe that was the case of the absence or dismissal.
8. A note is required from the parent or guardian, if a student is to be excused from P.E.. But if a student is to be excused from P. E. for a week or longer an **official medical certificate is needed** for student to get credit.
9. Students must have a pass to see the nurse. This pass must come from the teacher of the class they are assigned to. If the student wishes to see the nurse during passing time, they must acquire a pass from the teacher of their next class before they go to the nurse. Students typically should not be in the nurse's station for more than a few minutes. If there is an issue of concern that the student and/or nurse feels will impair the student's ability to be in class, the nurse will call the parent and a decision will be made as to what action will take place. Students who are too ill to attend a class will typically be required to be picked up from school.

Below are actions and guidelines AST High School will adhere to when students are tardy to classes.

- 5 unexcused tardies in a specific class = 1 unexcused absence for that class
- Bell work will be tied to tardiness and this will be a component of their class work grade.
- 23 tardies in a quarter (total of all classes including Library, SS, and House) = Tardy Contract:

CONSEQUENCE LADDER ONCE ON A TARDY CONTRACT

If receiving 23-27 tardies, a student will receive a Saturday Detention
 If receiving 28-32 tardies, a student will receive a one-day suspension
 If receiving 33-37 tardies, a student will receive a two-day suspension
 If receiving 38-42 tardies, a student will receive a three-day suspension
 If receiving 43-47 tardies, a student will receive a four-day suspension
 If receiving 48-52 tardies, a student will receive a five-day suspension
 If receiving 53-57 tardies, a student will receive a six-day suspension

- Seniors receiving a two-day suspension for seniors, the student's final transcript may note the number of tardies*
- Tardies will also be looked at and considered for all HS students:
 - a. before any school award is given
 - b. when students apply to Honor Societies
 - c. for students to remain in Honor Societies
 - d. when University recommendation letters are written

Student Uniforms

Students new to the American School will be given two weeks from the date of enrollment to be in proper uniform.

Adherence to these expectations is required at any time while representing the American School on or off campus, to include field trips, trips for co-or extra-curricular activities, athletic competitions, and school ceremonies, including the graduation ceremony. Respect for one another, cultural sensitivity, and understanding are essential elements in an international community and school.

Academic Dishonesty

There are several types of academic dishonesty to include: plagiarism, collusion, cheating, fabrication, skipping misrepresentation of absence to miss an assessment, improper calculator or computer use, etc. According to the American School Disciplinary Code, plagiarism is considered a **serious infraction under article 296-c and will be sanctioned as such.**

Here are some definitions for the purpose of clarity:

Plagiarism: Derived from the Latin word *plagium* ("kidnapper" and also "plagiarist" in the modern sense), plagiarism is defined by Alexander Lindley as "the false assumption of authorship: the wrongful act of taking the product of another person's mind, and presenting it as one's own" (*Plagiarism and Originality*, New York: Harper, 1952, p.2). Plagiarism may take the form of repeating another's sentences as your own, adapting a particularly apt phrase as your own, paraphrasing someone else's argument as your own, or even presenting someone else's line of thinking in the development of a thesis as though it were your own. Plagiarism applies to ideas in written, verbal, or electronic form. In short, to plagiarize is to give the impression that you have written or thought something that you have in fact borrowed from another. Although a writer may use another person's words and thoughts, they must be acknowledged as such.

Collusion: In class or out-of-class assignments are representations of a student's individual ability and achievement. Each student is expected to exercise independent thought, expression and aptitude. Unless there is a specific authorization from the teacher, each academic exercise is presumed to be prepared and submitted by **one student acting individually** and not in concert with others.

Acts of collusion can be purposeful or unintentional. Common examples are:

- Two students in the same class submitting a substantially similar essay, homework or computer program assignment.
- One student providing another with a copy of a completed assignment, only to have the assignment duplicated and submitted for credit with a new name. (Adapted from UT Dallas Community Standards and Conduct)
- **Cheating:** Attempting to or succeeding in gaining an unfair advantage is an act of academic dishonesty. Whether it is copying from another student's exam paper, knowingly using or buying homework solutions or submitting a substantial portion of the same academic work **more than once** without prior written authorization from the instructor, cheating is a violation of the rules and will not be condoned at AST. (Adapted from UT Dallas Community Standards and Conduct)

Fabrication: This refers to papers that contain false references. Examples:

- References cited within the text body are omitted in an ending bibliography or end notes page.
- Entries contained in the end notes listing are not cited within the body of the text.
- Information contained within the reference is fabricated.
- The entire reference is fabricated (Adapted from UT Dallas Community Standards and Conduct)

HOW TO AVOID PLAGIARISM, FABRICATION AND COLLUSION

“Plagiarism is pretending that an idea is yours when in fact you found it in a source. You can therefore be guilty of plagiarism even if you thoroughly rewrite the sources words. One of the goals of education is to help you work with and credit ideas of others. *When you use another’s idea, whether from a book, a lecture, a Web page, a friend’s paper, or any other source, and whether you quote the words or restate the idea in your own words, you must give that person credit with a citation... you may have cited your source, but if you do an improper or inadequate job of it, you can still be guilty of plagiarism... No source may elect not to be cited*” (Harris 133)

When should you cite?

The first thing you should question of the material being used is “Did you think of it?” or “Is it yours?” Your opinions, observations, ideas, commentaries, arguments or analysis do not need to be cited. (154) “Whatever does not originate with you does need to be cited” (154). The only exception to this rule is that Common Knowledge does not need to be cited. Common Knowledge includes whatever can be located in an ordinary encyclopedia or is expected to be known by an educated person such as: Easily Observable information, commonly reported facts, and common sayings. (154) **CAUTION!** Even with common knowledge “The specific expression of common knowledge must be identified” (154). If you use someone else words you must **CITE THEM**. Follow this simple: **“IF IN DOUBT, CITE IT”** (156)

What are some improper use of sources?

- Not using quotation marks because it is “just a couple of words”
- When paraphrasing copying some “word for word” from the original without putting quotation marks.
- When summarizing still retaining exact phrases without properly quoting them. (166)

What are your responsibilities?

Protect your writing – “Do not lend your papers to another for “reference” (137). If your paper ends up being copied you may be implicated as an accessory to plagiarism.

You bear the ultimate responsibility for your projects – Proofread your final paper or presentation material carefully to ensure the content matches your intention. (136) Avoid collusion – collaboration with fellow students or tutors should be clearly identified as acceptable by the instructor or the written instructions for the project. If there is no clear permission to collaborate you are expected to work individually.

Bus Regulations

Transportation to and from school is available to all American School students who pay for the service. It is expected that students maintain appropriate behavior at all times. Students may be prohibited from riding the school bus should they be involved in the following infractions:

1. Eating food or drinking beverages on the bus.
2. Putting arms, hands or head out of the bus window.
3. Loud talking, getting out of one's seat, rough play or fighting.
4. Throwing objects out of the bus window.
5. Getting on or off of the bus at a point other than the designated drop-off point unless with a bus pass.
6. Disrespect towards the bus monitors or drivers.
7. Any behavior that jeopardizes the safety of the bus passengers.
8. Vandalism.
9. Any behavior that is distracting to the driver.
10. Continual misbehavior or violation of other American School rules as applied to bus behavior.
11. In order to ride a bus different from one's regular bus, a written note from home must be presented to the Middle or High School Office to obtain the required bus pass.

Anti-bullying/Anti-harassment Policy

In the following pages, bullying, harassment, and intolerance of diversity are clearly defined. Any acts of bullying, harassment, and intimidation of any sort are strictly prohibited and will not be tolerated at the American School. All students and other members of our school community have the right to be treated with dignity, kindness, and acceptance at all times. Any student found to have violated this fundamental standard of conduct will be subject to disciplinary sanctions, to include but not limited to a warning, parent conference, suspension, and referral at the end of the school year to the Teachers' Council for possible permanent transfer to another school.

Acceptance of Diversity

In keeping with our mission and philosophy, the American School strives to be a haven of safety and acceptance for all members of our school community. As an institution of learning, our school endeavors to be a stalwart model of progressive values that welcomes diversity. Being devoted to the noble cause of educating young people, the American School is an institution intent on seeing the unique and individual potential and talents of all our students fulfilled without prejudging or making distinctions between individuals. It is of vital importance that all members of our school community feel not only safe and welcome but fully accepted as well, and, therefore, all of us, to include students, faculty, staff, administrators, parents, etc., are expected at all times to model values of acceptance and courtesy.

Acceptance of diversity goes beyond simple tolerance. Simple tolerance requires only that we not mistreat others because of their individual characteristics. **Acceptance, though, occurs when we not only put up with the individual differences of others but willingly admit people different from ourselves into our group or community without insisting on treating them in any way differently.** Acceptance occurs when we look beyond our individual differences and welcome each other. While the traditional motto of simple tolerance is "live, and let live," the traditional motto of acceptance is "Do unto others as you would have them do unto you."

Failing to be accepting of diversity can be committed both with malicious and non-malicious intents. While at times it is committed understanding the harm being caused, at other times it is done without meaning to offend or mistreat others. Examples of malicious un-acceptance of diversity include marginalizing or ostracizing someone because of such characteristics as their physical appearance, socio-economic level, religion, national origin, ethnicity, sexual orientation, gender, etc. Non-malicious un-acceptance of diversity occurs when, without intending to offend, we treat others differently based on their differences from us that, in reality, are superficial and insignificant. Anything less than full acceptance of everyone in our community is simply wrong and should not occur at the American School at any time by any members of our school community.

Harassment

Harassment

“Harassment comes in many forms: physical attacks, verbal rebukes, teasing taunting, sexual provocations, putdowns, and spreading rumors.” Other examples of harassment include bullying and stalking. In any form, harassment by any member of school community is considered a very serious offense that could result in serious consequences, to include permanent separation from our school community.

The intent of the perpetrator is to embarrass, intimidate, isolate, and reject a peer. It is an attempt by the perpetrator to exert power and gain an advantage because of physical strength or social status. It sends the message that “you do not belong here. You are not wanted.” Teasing is always defined as an experience that strengthens a social bond, not one that is meant to be painful and to isolate, diminish and tear down the other person. Harassment is when someone is bothering people or bullying them in order to hurt them. They want the person to be upset or cry or make themselves feel more macho.”

Harassment occurs when “**someone picks on you over and over and over again.** They may pick on you because of the way you look because of the way you look or how you dress or who you are. They feel like they have power or control over you.” Victims of harassment are commonly victimized because of their ethnicity, national origin, true or perceived sexual orientation, religion, or physical characteristics, to include disabilities.

Harassment includes “teasing, taunting, name-calling, threatening, gossiping, tripping, shoving, hitting, kicking or scratching grabbing groping, or inappropriate touching, taking and hiding belongings, excluding or rejecting.”

Sexual Harassment

Sexual harassment is an especially heinous example of harassment. It is “unwelcome behavior of a sexual nature that makes someone feel uncomfortable or welcome by focusing attention on his/her gender .” Sexual harassment is at the very least socially unacceptable and in many countries outright illegal.

Don’t confuse sexual harassment with flirting. Flirting is usually mutual, complimentary, and makes one feel confident and wanted. Sexual harassment, however, is unwanted, one-sided, demeaning, makes the victim feel intimidated, helpless, and depressed.

Examples of sexual harassment include unwanted and deliberate touching or cornering, unwanted letters or pictures of a sexual nature, to include publicly-seen graffiti, making kissing sounds, howling, smacking lips, staring, sexual gestures, sexually-suggestive facial expressions or body movements, making unwanted sexually-suggestive sounds, and speaking either to or about someone in any way that is sexually suggestive.

Like harassment in general, sexual harassment is considered a very serious offense that could result in the highest form of disciplinary consequences.

In instances when social probation is necessary during the school year, its status goes in effect immediately. A student with accommodations and/or attending Special Services will be provided support, but will be held to an identified discipline standard and will follow the same protocol as stated above.

A student that starts a year in social probation will only be allowed to participate in any extracurricular overnight trip if they have not committed any serious offense the current year, however, a student that is placed in social probation during an academic school year will not be eligible to go on any extracurricular overnight trip during that same school year

Students failing to show the necessary improvements may be denied registration for the next school year from the American School.

Middle School Discipline Chart

Friday Detentions will be given to students who accumulate nine infractions in any of the following categories:

- Tardies to School or Class
- Food/Drink in class
- Unpreparedness
- Uniform/grooming violations

Friday Detention is considered a *serious sanction*. Any detentions which are earned very near the closing of school and which cannot be served because school has closed will be served upon the student's return in August.

Book Bags / Unattended items /Electronic Devices

Book bags and unattended items will always be confiscated and students may go to the office and get them at any time during the school day. [1st Instance = a Warning; 2nd Instance = a Friday Detention; 3rd Instance = a Friday Detention; 4th Instance = 1-Day Suspension; 5th Instance = 2-Day Suspension; 6th Instance = 3-Day Suspension; 7th Instance = 4-Day Suspension and a mandatory parent meeting.]

The electronic devices (not Chromebooks) that are confiscated due to inappropriate use will be sent to the office and remain there until the end of the school day. [1st Instance = a Warning; 2nd Instance = a Friday Detention; 3rd Instance = 1 – Day Suspension; 4th Instance = 1-Day Suspension; 5th Instance = 2-Day Suspension; 6th Instance = 3-Day Suspension; 7th Instance = 4-Day Suspension and a mandatory parent meeting.]

Misuse of Chromebooks will be reported by teachers to the office; however, the device will remain in the possession of the students so as not to hinder his/her educational progress. [1st Instance = a Warning; 2nd Instance = a Friday Detention; 3rd Instance = 1 – Day Suspension; 4th Instance = 1-Day Suspension; 5th Instance = 2-Day Suspension; 6th Instance = 3-Day Suspension; 7th Instance = 4-Day Suspension and a mandatory parent meeting.] There will be no carry-over policy regarding book bags/other unattended items; hence, students will begin each new semester with a clean slate as far as these infractions and their consequences are concerned. Principals may invoke administrative prerogative in decisions regarding cases concerning students with extreme ADD, ADHD, and other conditions.

Because of safety concerns, the administration reserves the right to search book bags and other personal belongings ALWAYS respecting the students right to privacy.

Friday Detention [3:00 p.m.-7:00 p.m.]

If a student receives a Friday Detention for a particular violation or by accumulating nine signatures in a particular category in the MS Discipline Log, he/she must come to the HS/MS Media center **on after school Friday specified in the note**. Students will receive a letter notifying parents of the detention. For a student to be admitted in detention he/she MUST:

- Present signed detention notice
- Be in complete uniform
- Be punctual: Detention begins at 3:00 p.m. Any student who arrives after 3:15 a.m. will not be admitted in; **this will be considered as an unexcused absence and will be sanctioned as such.** (See Suspension Procedure) A student arriving between 3:01 and 3:15 will make up the time during break or after 7:00 p.m.
- Be quietly working the whole time and must follow the directions of the supervisor.

If a student **fails to follow the behavioral expectations** of Friday Detention he will be remitted to the Assistant Principal for an immediate **Suspension**.

No Friday Detention will be re-scheduled except for medical reasons where an official "Colegio Médico" Certificate is presented first thing the next Monday Morning.

Suspension

For serious offenses, students may be automatically suspended. The length of the suspension will be determined by policy and practices. In the cases where the student is presented to a Discipline committee, the length of the suspension will be determined by said committee.

Suspended students can earn 70% credit for any work assessed during the duration of a suspension except for bell work and the on-task grades of which zero credit will be recorded.

Suspended students will normally be required to serve their suspensions at school, where they are expected to arrive on time, in proper uniform, and spend their period of suspension studying quietly under supervision.

Discipline Committee

A separate Discipline Committee exists in both the Middle School and the High School and serves to consider special cases of student misconduct that could, according to the student handbook, result in at least suspension and might want to be considered by a team of professionals. The committee is not a court. Its sessions are not a trial but rather a forum for addressing directly the student accused, working together with his or her parents to respond appropriately to misbehavior, and for determining in a team setting a recommendation for action on the part of the school. This recommendation may or may not include a disciplinary sanction.

Each Discipline Committee consists of the following members:

Principal

Assistant Principal (H.S./M.S.)

Counselor

One locally-hired bilingual teacher

One internationally-hired bilingual teacher

Special Services teacher (Only in the case of students registered with Special Services)

V. MISCELLANEOUS

Guidance and Counseling

The Counseling Department of the American School is designed to help all students develop their educational and social strengths and to become responsible and productive citizens. This program takes into special consideration the needs of the international and transitory student, specifically addressing the issues of cultural and language differences. These needs are addressed through College/Career Counseling, large and small group counseling, individual counseling, consultation and coordination with other resources.

Jefferson-Valle Media Center

The Jefferson-Valle Media Center is committed to maintaining an atmosphere conducive to reading, study, and research. Students and staff are encouraged to use all resources it has to offer, including books, magazines, videos, computers, audio-visual equipment, and on-line databases. It is the personal responsibility of each student to return library resources on time and in the same condition as they were checked out. Fines will be charged for materials returned late, and students will be charged for materials damaged or lost.

Remote use of our on-line catalog is strongly encouraged. Links to CQ Researcher, EBSCO Host, and the Middle and High School catalog can be found on the library's page of the American School website at www.amschool.org/library.html.

As the Media Center maintains a quiet atmosphere at all times, serious students or anyone needing a quiet place to study, read, or work can depend on this refuge and appreciate its availability. Those who fail to respect the standard of behavior that a library requires will be asked to leave. The Media Center is open both before and after school, and students are welcome to use it during their free time.

Textbook Loan

Teachers distribute textbooks for their courses, which are to be returned at the end of the course. The school is not responsible for lost, stolen, or damaged textbooks. Replacement costs will be assessed if books are damaged, stolen, or lost. Students losing a textbook during the school year will pay for its replacement before being issued a second text. Should the lost book be found, the replacement cost will be reimbursed to the student. Students who fail either to turn in their textbook in good condition or pay for its replacement are subject to being barred from taking the final exam in that subject.

Parent-Teacher Organization (P.T.O.)

The Parent-Teacher Organization (P.T.O.) actively assists the school in various ways. One of the main purposes of the P.T.O. is to bring together parents and school personnel in support of school programs. The P.T.O. administers the AST Eagles supply store.

Locks and Lockers

Each student will be assigned a locker at the start of the school year for storage of books and personal belongings. Students must provide their own padlock. The school reserves the right to inspect lockers should the need arise. Students are not permitted to write on lockers or place stickers on the outside of lockers. Seniors are permitted to place posters on their lockers as approved by the administration. Any damage to the locker will be charged to the student.

All lockers are required to be padlocked. It is mandatory that all students maintain their individual lockers closed and locked with a padlock. There are periodic checks of the locker areas, and students whose lockers are left without a padlock are subject to disciplinary action. Sharing of lockers by two or more students is not allowed.

IT IS IMPORTANT TO KNOW THAT ANY MATERIAL FOUND IN THE LOCKER ASSIGNED TO A STUDENT WILL BE CONSIDERED HIS/HER PROPERTY AND HE/SHE WILL HAVE TO FACE THE CONSEQUENCES OF ITS POSSESSION. THE ADMINISTRATION RESERVES THE RIGHT TO SEARCH THE LOCKERS AT THEIR DISCRETION.

STUDENT ARE NOT ALLOWED TO LEAVE PERSONAL ITEMS ANYWHERE BUT INSIDE THEIR (PADLOCKED) LOCKERS. THE AMERICAN SCHOOL IS NOT RESPONSIBLE FOR LOSS OR THEFT OF PERSONAL BELONGINGS ON CAMPUS.

School Nurse

The responsibility of the school nurse is to give first aid for emergencies and to treat minor injuries and illness occurring at school. Any student required to take medication during school hours is to take the medicine to the Nurse's Office, with specific written instructions from the doctor or parent.

All medicines must be kept in the infirmary.

For non-emergency situations students MUST have a valid pass [given by a teacher, counselor, or administrator] to go to the nurse.

Communication with Parents

The American School considers communication between the school and parents to be vitally important. The School communicates with parents electronically through the use of school notices, newsletters, PowerSchool, Schoology, report cards and scheduled conferences between school personnel and parents. The school's webpage is an important source for upcoming events, school calendar, and other important school information.

The webpage of the school is www.amschool.org.

Emergency / Evacuation Procedures

1. The signal for an emergency evacuation is communicated using the P.A. system or the Bell system. In case of such signal, students are expected to pay close attention to their teachers who will lead the students to their designated evacuation area following the evacuation maps posted in each classroom. All students in the Middle and High Schools will be evacuated to the soccer field next to the gymnasium unless otherwise directed.
2. All classroom doors should remain closed but unlocked in order to facilitate searching the buildings.
3. Students out of class at the time of the emergency signal should report **directly to the closest evacuation area** and report to the nearest faculty member.
4. It is imperative that all emergency drills be treated seriously. It is vital that during the evacuation and while on the soccer field, students remain quiet and attentive.
5. All AST personnel and any visitor to the campus must evacuate at the sound of the emergency signal.

Channels of Communication

The Board of Directors recognizes the need for proper communications between and among students, parents, teachers, administration and the Board. To assist in achieving this objective, the following general procedures are recommended for all concerned parties:

1. When the problem concerns your son or daughter and their work in school, the best person to see is the classroom teacher. An appointment to see a Middle or High School teacher may be made by calling the Middle or High School Office. Problems of a personal nature or questions regarding a student's program of study, overall potential, and progress may also be discussed with the counselor.
2. Problems which cannot be resolved through a conference with the teacher or counselor and questions of a more general nature concerning the operation of the school may be discussed with the appropriate principal. Appointments may be made by calling the Middle or High School Office.
3. Problems which have not been resolved after conferences with the teacher and principal may be taken to the Superintendent, who will discuss any questions related to the general operation of the school or to school policies and will answer any such questions addressed to him/her by mail. An appointment may be made through her secretary.
4. The Superintendent is the Executive Officer of the Board of Directors and is responsible for the organization, operation and administration of the total school program. Therefore, she is the normal channel of communication between the Board and the public. Questions about school policy should be directed to the Superintendent. Normally, communications directed to the Board will be referred to the Superintendent for reply or action. Individual Board members do not directly involve themselves in administrative matters involving students, teachers and administrators.
5. Requests for changes in school policy and appeals of decisions made by the Superintendent may be addressed to the Board. All communications to the Board should be in writing and should be addressed to the President, Board of Directors. Decisions about school policy will be made only by the Board acting as a whole in a regular or special meeting.

Student Problem-Solving Sequence

In schools, as everywhere in life, we do not always see eye to eye with each other. Students at times find themselves in disagreements with teachers or other members of the staff regarding such things as something that occurred in class or a grade received on a particular assignment. That disagreements such as these occur is normal; what is important is that they are resolved in a respectful and courteous manner, following the expected sequence of steps. It is also important to understand and remember that in resolving disagreements, we must be open-minded, considering other points of view, and willing to compromise. It is also necessary to remember in such cases in a school setting that the teacher is in charge of his or her class and courses. Despite our best efforts and courteously making our case, in schools, as in life, we do not always get what we want:
